BLM PTC list for O and G development intro edits.docx

Tim,

Sorry for the delay. Had some Ex. 6 - Personal Privacy had to attend to the last few days and got behind. See my comments, questions below. I also have some written edits to the intro to the BLM PTC oil and gas emissions workbook. I put them in a word file and attached them. Take a look at this and then we can talk if you want.

Hi Tom,

Much appreciate our discussion this afternoon and thanks much for your help in looking at these two lists from the BLM. The BLM's proposed "Exempt" emissions list information is located in the attached Word file and their "Presumed to Conform" proposed list is contained it the attached .pdf file.

Please note, I have asked Chris Razzazian (Region 8 Air Program) to review the BLM's emission calculations information as he has reviewed a number of oil and gas development EISs that contain those data.

Again, thanks for your assistance Tom and if your schedule permits, could you return your comments by C.O.B. of Thursday the 31st?
